

Glass Open Book

Sonicam

Your partner for Mould Machineries & Equipment

Description: SONICAM specialises in the design and the manufacture of the most advanced machinery and equipment for Mould Manufacturing and Mould Maintenance in the glass container industry.

Sonicam has since become the leading supplier in this field of business as at least 3 out of 4 glass plants in the world have a Sonicam Machine in their Mould Shop. Indeed, our wide range of Sonicam Machines has been developed carefully according to the requirements of the glass container industry throughout the world.

Thanks to our expertise in Glass Molds, Sonicam is the perfect partner in designing Green Field mould shops by providing you the most innovative and efficient Mould Machineries, abrasives and equipment, work benches and the entire mould shop lay out.

Location: France
Sectors: Glass container
