Glass Open Book

Bystronic Lenhardt GmbH

Your glass processing machines partner

Follow the company

Description:

Bystronic glass symbolizes innovation with machinery, systems and services for the processing of architectural and automotive glass focused on tomorrow’s market.

From basic requirements through to entire, customized installations the Swiss-German company group provides pioneering solutions – naturally, all in the highest quality. Bystronic glass is an international brand with globally operating companies that support their customers on site and through own sales and service companies.

Maximum performance for our customers

We use our technical expertise to develop products that are better in terms of performance and quality than those of our competitors. We develop a passion for holistic economic solutions. When it comes to performance and quality, we set ambitious objectives that always repeatedly challenge us, constantly motivating ourselves to make changes and improvements.

Swiss parent company

Since 1994 Bystronic glass has been part of Conzzeta AG, a renowned Swiss industrial holding company with 100 years of tradition. Simultaneously, it represents innovation, reliability and a long-term perspective.
