Follow the company

Description:

Satisfying the needs of the glass industry since decades. All our products are followed and checked throughout the production stages, from the design, to the realisation, to the final step of start-up on site.

Who we are
Our story began in 1965 and it all started from a passion, making professionality a distinctive element.

The quality of our products and the services we offer are a guarantee of the experience we have gained in the field, together with the unmistakeable style which characterises our production.

Our Mission
Satisfying the needs of the glass industry since decades. All our products are followed and checked throughout the production stages, from the design, to the realisation,
to the final step of start-up on site.

We are committed to research and development of innovative technical solutions aimed at simplifying the use of the products, at reducing energy expenditure and increasing life through time.

We look after even the smallest detail and guarantee:

THE RIGHT ANSWER TO ALL YOUR NEEDS!
WE ARE WORKING TO IMPROVE THE QUALITY
OF YOUR GLASS

In a global market, quality is a strategic element necessary to face the productive and commercial challenges of the future with self-confidence.

The advantage of being an extremely flexible industrial structure makes it possible for us to provide our clients with the plants they wish and at the same time guarantee to meet delivery times.

We believe quality to be the absolute merge between experience and new technologies.
