Glass Open Book

Zippe Industrieanlagen GmbH

ZIPPE. THE FUTURE OF BATCH PLANT TECHNOLOGY - TODAY.

Description:

We know our way around handling raw materials and cullet for the glass industry.

The planning and construction of state-of-the-art batch and cullet systems therefore represent our core business.

Our particular expertise and all our passion lie herein.

We are a company with nearly 100 years of history. And as one of the pioneers in the industry, we were involved in key developments in the glass industry from the very outset.

It is for good reason then that our name is being used in many countries as a synonym for different technologies in the batch and cullet processing sector: "It´s a ZIPPE".
