Glass Open Book

Salavatsteklo, JSC

АО "Салаватстекло"

Description:

JSC "Salavatsteklo" is one of the largest Russian manufacturers of glass and glass products in Russia. The company started its activity in 1962 and still retains its best traditions and succession of generations.

At the moment, our company produces the following types of products:

- Flat glass and in bulk-tinted glass;
- Architectural glass and coated glass;
- Mirror;
- Glass containers;
- Soluble sodium silicate;
- Sodium silicate liquid;
- Tempered glazing and automotive glass and double-glazed windows.

A unique combination of production technologies and keeping traditions allow us to remain the largest glass manufacturers in Russia for many decades and allows us to step up presence in neighboring countries.

The main value for us, as for the company producing glass and glass products - is the repeated customers' requests for our products. This fact allows us to assert that the high quality of products of JSC "Salavatsteklo" is recognized at the international level.

Currently we operate in more than 20 countries around the world. Over 1300 employees of the company throughout Russia and the near abroad provide daily round-the-clock production and delivery of our products to customers.

We care about the quality of products and satisfaction with our products by customers and we instantly respond to all requests and suggestions.
