MIMSAN CONVEYOR SYSTEMS & EQUIPMENT INDUSTRY AND TRADING JOINT STOCK COMPANY

Description:

MIMSAN began its business in 1977 to produce conveyor systems in its production facility on an area of 7500 square meters, located in Istanbul/Turkey.

MIMSAN conceptualizes, designs, develops, produces and automate conveyor systems, subsystems and components-based solutions for your industry. Depending on the size and field of your organization, we have different products and services to meet your requirements. We provide the global optimal and customized solutions made for your organization. We are advancing on a tremendous pace and with involvement of skilled and experienced people working in the organization.

Our line of business can be defined as conceptualization, analyzing & designing, developing, manufacturing & automation, testing, site installation, training, maintenance and technical support of production lines.

Our portfolio comprises the latest in conveyor technologies and our products have been shaped by the experience gained in a host of successful projects in diverse industries such as Glass, Home Appliences, Logistics service providers and Storing, Automotive production, Food and beverage manufacturing, across the globe.
