Glass Open Book

Carib Glassworks Limited (CGL)

Follow the company

Description:	Carib Glassworks Limited (CGL) is a member of the ANSA McAL Group of Companies with a rich history dating back to 1948. Our founding fathers laid the platform for a highly automated manufacturing facility, employing some of the region's best technical professionals. Growing strategically throughout and beyond the region, CGL produces both standard and custom made containers in three colours – flint, green and amber. Our commitment and dedication is driven by the knowledge that glass is the preferred packaging material for your health, taste buds and your environment. Driven by our customer demands, we continuously invest in our people, install cutting edge machinery and technology and work towards new milestones in safety, quality and precision. Our innovative, hands-on development team is eager to work with you to transform your ideas to match your needs. Carib Glassworks' priority lies in manufacturing glass products that fully satisfy customer and user needs in terms of safety, performance, durability and aesthetics.
Location:	Trinidad and Tobago
