Glass Open Book

XPAR Vision

XPAR Vision develops, installs, implements, services and maintains hot-end sensor and robot technologies.

Description:	XPAR Vision is world leader in the field of sensor and robot solutions for hot end inspection, quality assurance and closed loop automation. With our solutions we actively work together with glass producers on making containers and table ware products lighter and stronger, produced with (almost) zero defects at higher speed and with minimum human dependency. The result is that the container and table ware industries are more competitive with other materials and more sustainable. Consequently together we create a better world!
Location:	Netherlands
Sectors:	Glass container, Glassware
Activities:	Equipment / Machinery supplier
