Glass Open Book

Global Glass Show - GGS 2024

UAE's Phenomenal Show Facilitating Futuristic City of the World - an event by TAB group

Description:	Incorporating exhibition space alongside a comprehensive conference agenda, this show is the perfect platform for both national and global architecture, engineering, designing and consulting companies to showcase products, services and technologies contributing to shortening development cycles, improving quality and increasing efficiency to an international audience of industry professionals. It offers an unparalleled opportunity for both national and global architecture, engineering, design, and consulting firms to showcase their products, services, and cutting-edge technologies to an international audience of industry professionals. So, I believe it would be an excellent opportunity for you to network and interact with the major individuals from the government and other key organizations in UAE as well as the crucial business institutions, relevant stakeholders, solution providers, and key policy-makers from all over the world with over 2500+ Attendees, 500+ Companies, 75+ Exhibitors/sponsors, 40+ Speakers.
Location:	United Arab Emirates
Sectors:	Glass container, Flat / Float glass, Glassware, Special glass, Glass processing
