Burakcan Glass Mold Company

Description:

Burakcan Glass Mold – Precision Craftsmanship in Glass Mold Manufacturing

With over 16 years of industry expertise, Burakcan Glass Mold stands as a leading manufacturer of high-quality glass molds, serving both domestic and international clients. Committed to unconditional customer satisfaction, the company specializes in producing molds for various glass tableware applications.

Innovative Design and Advanced Production

Burakcan Glass Mold offers customized mold designs compatible with diverse production lines. Utilizing advanced CAD/CAM technologies and software such as AutoCAD, PowerShape, ThinkDesign, ArtCAM, PowerMill, and Mastercam, their engineering team ensures optimal production planning and precision in every project.

Operating from a 1,200 m² facility equipped with CNC lathes and multi-axis milling machines, the company employs high-grade materials like 1.2787 ESR, APX-V, FAM, UK31R Cogne, and Alloy 825 Mod. Techniques such as STELLITE and COLMONOY welding are applied to enhance durability and surface quality.

Commitment to Quality and Sustainability

Holding the ISO 9001:2008 Quality Management Certificate since 2009, Burakcan Glass Mold adheres to stringent quality control processes, ensuring products meet international standards. The company's environmental policy emphasizes continuous improvement, efficient resource utilization, and the adoption of eco-friendly technologies.
