Glass Open Book

Indoglas Jaya

Starting from good to great

Description:	PT Indoglas Jaya was founded in 2019 with a preparation period of 1 (one) year, this factory was completed and started commercially in early 2020. This factory is located on Jl. Raya Narogong KM 16, Cileungsi, Bogor, West Java 16820, Indonesia. Our factory is producing better quality glass bottles which are generally used for packaging drinks such as herbal medicine, tea, milk coffee, black coffee, energy drinks, syrups, soda drinks and others and can be used for drug storage. This factory was established because it already has business partners and distributors who have an average sales volume of 70,000 to 90,000 tons per year.
Location:	Indonesia
