Follow the company

Description:

Qingdao Kingstar Glass Co., Ltd. specializes in the research, development, production, and export of daily-use glassware. The company is located in Qingdao, one of China's major port cities, leveraging convenient transportation and a complete industrial chain to provide global customers with high-quality glass products and comprehensive logistics solutions.

Our product range includes glass bottles, cups, jars, bowls, plates, candle holders, vases, and more, widely used in households, dining, gifts, hotels, and daily life. We not only emphasize practicality and aesthetics but also integrate fashion elements and eco-friendly concepts into our designs, striving to create glassware that is safe, healthy, and artistically refined.

With a strict quality management system, advanced production facilities, and an experienced R&D team, Qingdao Kingstar Glass continuously enhances its technological capabilities and production efficiency. Our products are exported to Europe, North America, Southeast Asia, the Middle East, Africa, and many other regions, earning widespread trust and recognition from customers.

Upholding the business philosophy of "Quality First, Customer Foremost, Win-Win Cooperation," Qingdao Kingstar Glass looks forward to working hand in hand with global partners to explore broader markets together.

Location: China
