Follow the company

Description:

JewelTuf is one of India's leading architectural glass processing companies, delivering high-performance glass solutions for modern construction and infrastructure projects. With advanced manufacturing technology and a commitment to quality, we serve architects, façade consultants, contractors, developers, and glazing professionals across diverse industries.

Our product portfolio includes Tempered Glass, Laminated Glass, Insulated Glass Units (IGUs), Heat-Strengthened Glass, Ceramic Printed Glass, Heat Soak Tested Glass, Bended Glass, and customized architectural glass solutions for façades, windows, partitions, skylights, railings, canopies, and interior applications.

At JewelTuf, we combine innovation, precision, and stringent quality standards to ensure every product delivers superior safety, durability, energy efficiency, and aesthetic appeal. Our state-of-the-art processing facilities and skilled workforce enable us to meet the evolving demands of modern architecture and large-scale construction projects.

Customer satisfaction is at the heart of our business. We focus on building long-term partnerships through reliable service, technical expertise, timely deliveries, and customized solutions tailored to project requirements. From concept to completion, we work closely with our clients to provide glass solutions that enhance both performance and design.

Driven by quality, innovation, and excellence, JewelTuf continues to expand its presence in domestic and international markets, delivering world-class architectural glass solutions that create lasting value for customers worldwide.
