Foshan Opalus Adhesive Products Co., Ltd. (AOBERIS FILM)

Follow the company

Description: Foshan Opalus Adhesive Products Co., Ltd. supplies industrial surface protection films under the AOBERIS FILM brand. Based in Foshan, Guangdong, China, the company offers PE, PET, PVC, TPU and specialty films for metal, glass, electronics, construction and industrial converting.

The films are used to help protect finished surfaces during manufacturing, handling, transport and installation. Material selection should be checked against the actual substrate, process, exposure conditions and removal requirements.

AOBERIS FILM supports OEMs and converters with application review and custom film formats, including thickness, adhesion, coating, slitting and finishing requirements. Visit https://aoberisfilm.com/ for product information and to discuss a surface protection application.

Location: China
