

Glass Open Book

Glass Process consultant

Field of activity: Management
 Glass industry sector: Glass container, Glass processing
 Type of employment: Full-time, Part-time, Temporary, Remotely

After more than 20 years in daily exercise of multiple operational functions in the fields of production, maintenance, training, HSE, sales and management. I decided to share this experience and put it at the service of businesses.

I propose my services for some jobs positions:

- Consultant & Trainer in Industrial Performance and Glass Process
- Independent project manager

My usual fields of action are:

- Audit, Analyze and Organize the development of industrial performance
- Support and Pilot the implementation of projects aimed at operational excellence
- Expertise and technical support for Machine IS and Glass forming process projects
- Train in industrial performance optimization techniques and in the glass forming process

Don't hesitate to contact me for any project, I will be able to give you an operational solution.
